Plans Branch/P&DS
21 October 1965
Copy 1

MEMORANDUM FOR: Development Branch, P&DS

ATTENTION :

SUBJECT : 116-A (Type II) Data Block

1. Attached is a revised copy of the Type II-C format drawing F-075-R-003C. The A revision has been replaced by B revision and notes 1 and 2 indicated on the new drawing.

2. In response to your question about the density of the variable code lists a check was made of mission ATF 1258 and the following results were obtained:

	Full Process	Int. Process	Pri Process
Variable Code Bits:			
Average Density	1.97	1.71	1.27
Lowest Density	1.86	1.58	1.12
Highest Density	2.05	1.82	1.40

L/Colonel, USAF
Chief, Plans Branch, P&DS
